- # 100% success rate

Clément Konrad & Partners prioritizes the supports of its associates' preparation of the national Luxembourg bar exams in order to become Luxembourg attorneys-at-law (*Avocat à la Cour*).

This legal education requires a first battery of classes and written exams (*Cours Complémentaires de Droits Luxembourgeois*), followed by approximately two years of traineeship and another final battery of written exams (*avoué*).

Clément Konrad & Partners is delighted to announce that in April 2020 both of the firm's associates Dalva Teixeira and Alexis Tabary have successfully passed the first national exam for starting the Luxembourg attorney traineeship (*Cours Complémentaires du Luxembourg – CCDL*) they had prepared and that our associate Eric Gardelli has successfully passed the *avoué* exam.

This leads to a 100% exam success rate of our associates.

Congratulations to all of you, this is a milestone in your career !
